<b>NDRIN Searching:</b>	Digitized Images from Dakota Territory to Nov. 1984:	Search by document number, book/page, or grantor/grantee.  Use our historical indices at <i>hindex.casscountynd.gov</i> to find a book/page or document number. Note: Government lots are not indexed in the grid, only in the notes column.  Historical documents show as either converted deed, converted mortgage, or converted miscellaneous.
	Images & Data from Nov. 1984 to Dec. 1985:	Indexing is in progress and will appear fully indexed as we complete each record.
	Images & Data from Jan. 1986 to present:	Fully Indexed.
Validation:	Full indexing and validation are available on NDRIN 48 business hours from date of recording.	
Errors:	Please contact our office if you notice any indexing errors or problems with the images.	
Tips:	If you only have the parcel address, use the tax statement or GIS at <i>casscountynd.gov</i> to find an abbreviated legal description to conduct a search by legal subdivision name or section/township/range.	
If you have trouble finding what you are looking for, limit your search to fewer fields.
